Jan Větřišek

OPEN TO WORK!

Hi, I'm Honza and I study Business Informatics at the Prague University of Economics and Business. Before that I studied software development at Unicorn University, and I also work in web development professionally. Besides code I enjoy design, which I like to bring into my work so that every project has something extra. I'm looking for a place where I can keep growing, take on responsibility and bring my own ideas.

EXPERIENCE

Web Developer
02/2025 – now

AKIP Solutions s.r.o.

React | Next.js | JavaScript | TypeScript | Node.js | PHP | WordPress | Angular | Git | MongoDB | SQL

```
if (idea) {
  build();
}
```

LANGUAGES

Czech – native

English – advanced

A BIT ABOUT ME

In my free time I like to get away from the computer – usually to the gym, but also climbing, padel or badminton with friends. In the evenings I enjoy a good film or getting lost in a fantasy story. I'm communicative and direct, I like to move things forward and I'm not afraid to take the initiative.
